

# SAFETY DATA SHEET

01-Sept-2018

| 1. Identification              |  |
|--------------------------------|--|
| 1.1   Product Identifier:      | Mightyloc TAFTLOCK 42  |
| 1.2   Intended Use Of Product: | Adhesive   |
| 1.3   Company:                 | Vitrochem Technology Pte Ltd<br>1, Bukit Batok Crescent,<br>WCEGA Plaza, #05-40,<br>Singapore 658964 |
| 1.4   Telephone:               | (+65) 67667191   |
| 2. Hozardo Idontification      |  |

#### 2. Hazards Identification

Hazard Pictogram:

| Signal Word:              | WARNING   |
|---------------------------|---|
| Hazard Statements:        | H317: May cause an allergic skin reaction<br>H319: Causes serious eye irritation<br>H335: May cause respiratory irritation<br>H413: May cause long-lasting harmful effects to aquatic life  |
| Precautionary Statements: | <ul> <li>P273: Avoid release to the environment</li> <li>P280: Wear protective gloves/protective clothing/eye protection/face protection</li> <li>P312: Call a POISON CENTER/ doctor if you feel unwell</li> <li>P333+313: If skin irritation or a rash occurs: Get medical advice/attention</li> <li>P337+313: If eye irritation persists get medical advice/attention</li> <li>P501: Dispose of contents/container in accordance with official regulations</li> </ul> |

#### 3. Composition / Information on Ingredients

| Substance / Composition              | Mixture (WT%) | CAS No     | Exposure Limit |
|--------------------------------------|---------------|------------|----------------|
| Polyglycol dimethacrylate            | 85 – 90%      | 25852-47-5 | N/A            |
| Propylidynetrimethyl trimethacrylate | 5 - <10%      | 3290-92-4  | N/A            |
| Cumene hydroperoxide                 | 1 – <5%       | 80-15-9    | N/A            |
| 2'-Phenylacetohydrazide              | <1%           | 114-83-0   | N/A            |

# 4. First Aid Measures

Eye Contact:Flush with water for 15 minutes. Seek medical help immediately.Skin Contact:Soak bonded skin in warm water. Seek medical help if rashes developed.Inhalation:Immediately move to well ventilated space. Seek medical treatment.Ingestion:Seek medical help immediately.

# 5. Fire Fighting Measures

Extinguishing Media: Dry extinguishing powder. Foam. Water spray. Carbon dioxide (CO2)

# 6. Accidental Release Measures

| Air Release:          | Reduce vapors with water spray. Stay upwind and keep out of low areas.   |
|-----------------------|--|
| Soil Release:         | Dig holding area such as lagoon, pond or pit for containment.  |
|                       | Absorbs with sand or other non- combustible material   |
| Water Release:        | Absorb with activated carbon.  |
|                       | Cover with absorbent sheets, spill-control pads or pillows.  |
| Occupational Release: | Avoid heat, flames, sparks and other sources of ignition. Stop leak if possible without personal risk. Reduce vapors with water spray. Small spills: Absorb with sand or other non-combustible material. Collect spilled material in appropriate container for disposal.<br>Large spills: Build dikes to prevent entry into sewerage systems. Isolate affected |
|                       | areas, collect spilled material in appropriate container and dispose of as soon as possible.   |

# 7. Handling and Storage

| Storage Precautionary | P402+404 - Store in a dry place. Store in a closed container.               |
|-----------------------|---|
| Statements:           | P403+233 - Store in a well ventilated place. Keep container tightly closed. |
|                       | P411+235 - Store at temperature not exceeding 25°C                          |

#### 8. Exposure Controls / Personal Protection

| <b>e e</b>              | No special precautions are necessary if used correctly.<br>Wear goggles or regular glasses with side shielded. |
|-------------------------|--|
|                         |  |
| Hand & skin Protection: | Wear solvent resistant impervious rubber gloves.   |
|                         |  |
| Respiratory Protection: | Not necessary under normal application circumstances.  |
|                         |  |

# 9. Physical and Chemical Properties

| Physical state:           | Liquid                  |
|---------------------------|-------------------------|
| Color:                    | Blue                    |
| Odor:                     | Barely perceptible odor |
| Specific Gravity (g/cm3): | 1 – 1.1                 |
| Solubility In Water:      | Insoluble in water      |
| Flash Point,( °C):        | Non flammable           |
| Vapor Density:            | N/A                     |

## 10. Physical Hazard (Stability and Reactivity)

| Reactivity:              | Stable at normal temperature and pressure. |
|--------------------------|--|
| Incompatibilities:       | Strong oxidizing agents, Alkalis & acids.  |
| Hazardous Decomposition: | No hazardous decomposition products known. |
| Materials to avoid:      | Strong oxidizing agents, Alkalis & acids.  |

#### **11. Toxicological Information**

| Acute Toxicity:          | Not classified                               |
|--------------------------|--|
| Primary irritant effect: |  |
| On the skin:             | May cause skin irritation                    |
| On the eye:              | May cause eye irritation                     |
| Sensitization:           | May cause sensitization through skin contact |

#### **12. Ecological Information**

| Mobility and Bioaccumulation: | No data available. |
|-------------------------------|--------------------|
| Biodegradability:             | No data available. |
| Aquatic Toxicity:             | No data available. |

#### **13. Disposal Considerations**

By an approved contractor, in accordance with local authority regulations.

## 14. Transport Information

ADR, AND, IMDG,IMO, IATA: Not regulated Hazard class: None UN/NA Number: Not regulated Packing Group: Not regulated Hazard Label: None

## 15. Regulatory Information

# Safety, health and environmental regulations/legislation specific for the substance / mixture:

\*No further relevant information available.

#### **Chemical Safety Assessment:**

\*A Chemical safety assessment has not been carried out.

### 16. Other Information

A certain portion of the above information of dangerous and harmful effects may be insufficient, please perform adequate investigation. The information and recommendations contained herein are based upon data believed to be correct. However, no guarantee or warranty of any kind, expressed or implied is made with respect to the information contained herein. In case special handling is required, please handle with suitable safety measures according to the application and relevant laws and regulations.
